Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement involving the manufacture abroad of significant military equipment.

The transaction described in the attached certification involves the transfer of technical data and defense services to Canada for the production of Optomechanical Major Assemblies and Optical Components and Subassemblies for the Advanced Short Range Air-to-Air Missile (ASRAAM) for end-use by the United Kingdom Ministry of Defence.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly  
Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DTC 270-02

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
